My name is Miky Balla, I am a performing artist. As the leader of the Miskolc Dixieland Band, I have enriched the band's repertoire with numerous solo performances at many international festivals around the world.

The accolades of my 33 years in the music industry inspire me to approach my performances with humility, offering high-quality jazz interpretations of light, well-known songs in my programs, which I recommend for any occasion.

## HIGHLIGHTS

---

- My solo performance, played against a musical backdrop, features reworked versions in pop, jazz, and Latin styles, showcasing clarinet, saxophones, and vocals.

- Presenting musical styles under the title 'All About Jazz' in a concert-style format, showcasing improvisational musical elements through elegant performances featuring clarinet, saxophones, and vocals.

**The program lasts a maximum of 3 hours, divided into 3 sets of 45 minutes each.**
